

THE BILLFISH

Brief

AUGUST 13, 2017

Twenty seven years steady of anything is a milestone but this one is special. And it is special to so many different people. Friends and Family of Alice Kelly. Friends and family of the Pirate's Cove Tournaments. Anglers and captains. Cancer survivors and caregivers. Then there are all the members of the Outer Banks Cancer Support Group – over the years how many have there been? All a part of this event, whether they knew it or not.
